Transmittal Letter

January 31, 2022

Honorable Mayor, City Council and Citizens of the City of Hawthorne:

It is a pleasure to submit the Annual Comprehensive Financial Report (ACFR) of the City of Hawthorne for the fiscal year ended June 30, 2021. The financial statements are presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with Generally Accepted Auditing Standards by an independent auditing firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report of the City of Hawthorne for the fiscal year ended June 30, 2021.

While traditionally addressed to the governing legislative body of the City, this report is also intended to provide relevant financial information to the citizens of the City of Hawthorne, City staff, creditors, investors and other concerned readers. We encourage all readers to contact the Finance Department with any questions or comments concerning this report.

Purpose and Management Responsibility – The report consists of management's representations concerning the finances of the City of Hawthorne. Management assumes full responsibility for the completeness and reliability of all the information presented. To provide a reasonable basis for making these representations, management of the City of Hawthorne has established a comprehensive internal control framework that is designed to both protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Hawthorne's framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and component units of the City of Hawthorne.

The City is responsible for the completeness and fairness of the information presented in this report. To provide a basis for making these representations, management of the City has established an internal control system that consist of defined responsibility, authority and procedures.

Audited Financial Statements – Rogers, Anderson, Malody & Scott, LLP ("RAMS"), a firm of licensed certified public accountants, has audited the City of Hawthorne's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Hawthorne for the fiscal year ended June 30, 2021, are presented fairly in all material respects. After a thorough evaluation of the City's internal controls and all required financial documents, the independent auditors rendered an unmodified ("clean") opinion that the City of Hawthorne's financial statements contained herewith are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the Financial Section of this report.

Organization of Report – GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Hawthorne's MD&A can be found in the Financial Section, immediately following the report of the independent auditors.

City of Hawthorne Profile

The City of Hawthorne was incorporated in 1922 and encompasses 6 square miles. The City is located in the South Bay region of Los Angeles County. It is 17 miles east of downtown Los Angeles and 5 miles east of Los Angeles International Airport (LAX). Neighboring communities include Gardena, Lawndale, and Redondo Beach.

The City of Hawthorne is a California General Law city that operates under the Council-Manager form of government. The City Council, which consists of five members, is elected at large and each serves a term of four years. The City Council serves as the legislative and policy-making body of the City and as the Successor Agency to the former Hawthorne Redevelopment Agency, enacting all ordinances and operating resolutions, adopting of the annual budget, appointing commissions and committees, and hiring the City Manager. The City Manager serves as chief executive officer and is responsible for implementing the policies, ordinances and directives of the City Council, for overseeing the day-to-day operations of the City, and for appointing, with City Council concurrence, department directors. The City Attorney, Human Resources Director and Chief of Police are also appointed directly by the Council.

In addition, the City Council appoints the members of the following advisory Boards and Commissions:

Public Funds Advisory Committee	Planning Commission
Recreation & Comm. Svc Commission	Veterans' Affairs Commission
Civil Service Commission	Youth Commission
Senior Citizens' Commission	

Every two years, two members of the City Council are elected at large by the community to serve four-year terms. Annually the Council meets and elects from its membership, a Mayor Pro Tem to serve a single-year term. The Mayor serves as the presiding officer of the City Council.

City Services – The City provides a wide range of services, including police protection, public works, storm drainage, planning and development, park and landscape maintenance, code enforcement, building inspection, and administration. Fire protection and Library services are provided by Los Angeles County. Many recreation programs for all age groups and services for the mature adult population are provided year round. The City provides for trash collection services through a contracted third party.

Budgetary Policy and Control – The City operates on an annual budget schedule. The annual budget serves as the foundation for the City of Hawthorne's financial planning and control. The budget development process begins in December. Finance staff updates excel worksheets for each department. Those worksheets are distributed in February. Each department is responsible for developing the operational line items, while Finance staff is responsible for the salary and benefit line items.

The Finance Director, along with the applicable operating departments, provides the City Manager with proposed revenue projections. These revenue estimates are reviewed with the department expenditure budget requests to determine available funding levels for the fiscal year. Supplemental requests, proposing changes to personnel, equipment and services, are subject City Manager review and approval. This process applies to all governmental and enterprise funds.

The City Manager and Finance Director meet with departments to review all operating budgets and supplemental requests. Once this review is completed by City Manager, the proposed budget is presented to the City Council. A public workshop and public hearing are then held by City Council. The City Council adopts a budget recommended by the City Manager prior to June 30.

During the fiscal year, the budget can be amended as necessary to meet the City's needs. After adoption, the City Council may modify appropriations at any time with majority approval. Department Heads and their designated representatives may only authorize expenditures based on appropriations approved by City Council action, and only from accounts under their organizational responsibility. Total expenditures within each fund may not exceed the total appropriations by that fund. Interfund transfers require budget amendment by the City Council.

Economic Condition and Outlook

Information presented in the City's financial statements is perhaps best understood when it is considered within the context of our broader economic conditions. The economic shock from the COVID-19 Pandemic has been unprecedented. The economic strength of the last decade was rapidly reversed beginning March 2020. We learned to physically distance, and we're still using technology to remain connected. The Governor proclaimed a State of Emergency and the County of Los Angeles Public Health Department declared a local health emergency on March 4, 2020, and the City of Hawthorne proclaimed the existence of a local emergency on March 15, 2020. We are thankful for the support of our public officials in working toward protecting the community from the most devastating effects of the COVID-19 crisis and in working to address the devastating adverse effects of the economy. While also ensuring the safety of our employees as we continued to work remotely and required safety protocols when employees reported to the office.

Based on the most recent estimates from the Bureau of Economic Analysis, real GDP increased 2.1% at the end of the third quarter of 2021, after showing an increase of 6.7% in the second quarter of 2021. A drastic change from the decrease of -31.4% in the second quarter of 2020. During the early stages of the COVID-19 Pandemic, in April 2020, the Unemployment rate skyrocketed to 14.7%. This is the highest since the Great Depression of 25%. Since June 2020, the US Unemployment rates have dropped monthly. In October 2021, the Bureau of Labor Statistics reported the national unemployment rate at 4.6%. It fell by an additional 0.4 percentage points to 4.2 percent in November of 2021.

With concerns about rising inflation, measured at 6.2% in October 2021, the Federal Reserve has indicated that it will begin to increase interest rates in mid 2022. Much of the recent increase in inflation has to do with higher oil prices as demand for oil has recovered faster than supply. In December 2021, The Federal Reserve maintained its target rates of 0% to .25%. The goal is to boost the economy and achieve maximum employment.

LOCAL ECONOMY

The City of Hawthorne has been fortunate to have a stable and diverse economic base, which has somewhat shielded its economy from downturns in any one specific category. Despite the slowing economy, the City of Hawthorne continued to see an increase in Sales Tax revenue in fiscal year 2020-21. The City's top five revenue sources are Sales Tax, Vehicle License Fees, Property Tax, Business License Tax, and Utility Users Tax. According to the February 2021 Economic Forecast prepared by the Los Angeles County Economic Development Corporation, *"The next two years will likely be characterized by economic recovery, the speed of which remains tied to the health crisis. Should the efficacy of the vaccines adhere to the initially published numbers, recovery should have a straightforward timeline. It is estimated that the majority of industries will return to pre-pandemic employment levels by 2024. This four-year recovery timeline appears much more promising compared to the Great Recession, wherein it took over six years for employment to reach its pre-recession peak."*

California's unemployment rate decreased to 7.3%. This is a decrease of 2% from the October 2021 rate of 9.3%. The unemployment rate is expected to remain elevated over the next two years, especially due to the second wave of COVID-19 virus shutdowns. California is slowly gaining jobs, but unemployment remains grim. If jobs continue to be added at the current rate, it is estimated unemployment rate will return to pre COVID-19 rates in 2022.

According to Employment Development Department data the average unemployment rate in Los Angeles County for October 2021, was estimated at 9.4%, a decrease of 2.9% compared to October 2020 of 12.3%.

The City of Hawthorne is comprised of a majority of single-family homes, condominiums and apartments as well as a mixture of retail, office, industrial, and service entities providing a solid tax base for the City. Most businesses are oriented toward serving local residents and visitors. This local business environment and the availability of amenities in the community make Hawthorne a desirable community in which to work and live.

Hawthorne's General Fund revenues for the 2020-2021 fiscal year increased 2.0% compared with the prior fiscal year. The City's major revenue sources are property taxes, sales taxes, and licenses/fees. The City also receives revenue through the State of California, including gasoline taxes, which are apportioned by the State based upon population, and property taxes in-lieu of motor vehicle license fees, which are apportioned similarly to property taxes. Revenue projections for FY 2020-21 were based on conservative estimates to account for modest economic growth.

One of the City's single largest revenues is sales tax. The City has experienced steady growth in sales tax revenues each year since 2012. Despite the economic slowdown, due to the COVID-19 Pandemic, the City continued to see an increase in Sales Tax revenues. General Retail represents 25.3%, and New Auto sales represent 13.6% of Hawthorne's sales tax revenues.

On the expense side, total General Fund expenditures decreased by 14.7% in fiscal year 2020-2021 from the prior fiscal year. Expenses for the City totaled \$62.3 million for the year ended June 30, 2021. Although expenditures decreased, programs and services have been maintained at prior year levels, except for City Council approved new projects and programs. Pressures to the cost of providing these programs and services include, but are not limited to, increased labor costs, unfunded state and federal mandates (i.e., increasing minimum wages and part time benefits, storm water runoff permit fees etc.) and increasing pension costs.

Financial Planning

Each year the City engages in two comprehensive processes of financial planning and review. The first occurs as part of the City Council/Successor Agency Board's review of the City Manager's proposed budget in June prior to the commencement of the fiscal year beginning July 1. The second is the mid-year review that analyzes the operating results for the first half of the fiscal year. The mid-year review offers analyses of the City's financial position, with particular emphasis on the General Fund. The focal point of both reviews is the City's five-year General Fund revenue and expenditure projection. In this light, financial planning assumes a longer-range perspective.

Financial Policies

On September 10, 2019, City Council approved a minimum Cash Reserve policy to ensure the general fund reserve balance does not fall below three months of average operating expenditures. This amount shall be calculated by dividing the budgeted total operating expenditures for the current fiscal year by 4.

Cash Management

The City manages a pooled investment program for all funds in which temporarily idle cash is invested in a variety of instruments. The investment program is managed in accordance with the Investment Policy approved by the City Council. Safety, liquidity, and yield, in that order, are the objectives of the investment program. Investments are diversified among investment tools that include certificates of deposit, Federal agency securities and the State of California's Local Agency Investment Fund (LAIF).

In 2019, Council approved the addition of a Money Market and Sweep account, both of which are completely liquid and increased investment earning substantially. Also in 2019, Council authorized the investment of \$7 million dollars in General Fund surplus Fund Balance, and in 2020 that amount was increased to \$ 10 million. Quarterly reports on investment status and activity are presented to the City Council.

Risk Management

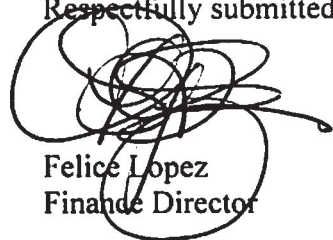

In 2006, the City became an originating member of the Independent Cities Risk Management Authority (ICRMA), a joint powers authority of 18 California cities, for the purpose of pooling the City of Hawthorne's risk for general liability and workers' compensation losses with those of other member cities. The City maintains self-insurance programs for worker's compensation and general liability insurance up to a maximum of \$500,000 and \$500,000 per occurrence, respectively. General liability claims that exceed the self-insured retention (SIR) are covered by ICRMA up to a maximum of \$30,000,000 per incident. Worker's compensation claims that exceed the (SIR) are insured by the California Public Entity Insurance Authority up to the California statutory limits for worker's compensation. The City contracts with third party administrators who manages the majority of claims filed against the City.

Award and Acknowledgments

The City's Comprehensive Annual Financial Report was prepared through the combined efforts of City staff. Special recognition is due to the Finance Department, who's continued efforts have met the requirements to be awarded GFOA's Certificate of Achievement for Excellence in Financial Reporting for the 5th consecutive year. The department coordinated the closing of the books for the fiscal year, ensuring timely and accurate reporting. We would also like to express our appreciation to all members of the departments who assisted and contributed to the preparation of this report.

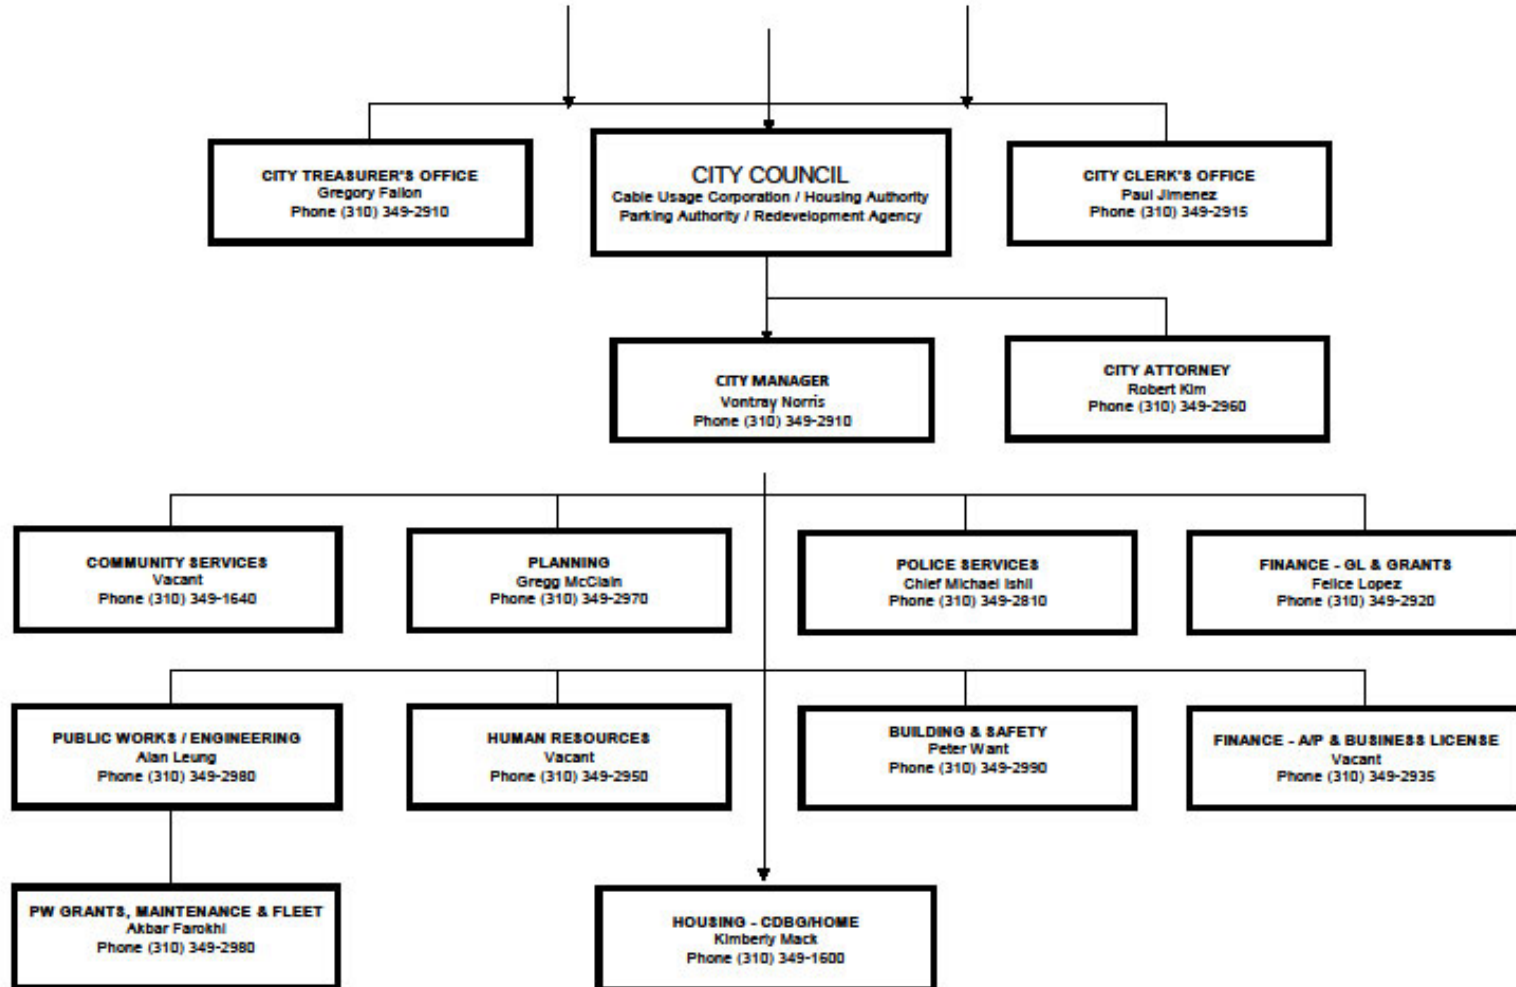

Lastly, a special thank you goes to the Mayor, City Council and City Manager for their support in maintaining the highest standards of professionalism in the management of the City of Hawthorne's finances. Through continued partnership with the community that we serve, the City of Hawthorne will continue to be a leader in effective municipal governance and maintain its high quality of life.

Report on the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hawthorne (the City), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2021, and the respect changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, including the management's discussion and analysis and the schedules listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Emphasis of Matter

As discussed in Note 1 of the financial statements, the City adopted the provisions of Governmental Accounting Standards Board Statement No. 84, Fiduciary Activities. Our opinions are not modified in respect to this matter.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hawthorne's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the nonmajor fund budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2022 on our consideration of the City of Hawthorne's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Hawthorne's internal control over financial reporting and compliance.

City of Hawthorne

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

As management of the City of Hawthorne, we offer readers of the City of Hawthorne's financial statements this narrative overview and analysis of the financial activities of the City of Hawthorne for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, and the accompanying basic financial statements.

FINANCIAL HIGHLIGHTS

- At June 30, 2021, the City's net deficit (assets plus deferred outflows of resources less liabilities and deferred inflows of resources) was \$(37.1) million. Of this amount, \$(191.6) million is unrestricted.
- The City of Hawthorne total net position increased from the prior fiscal year 2019-20 by \$1,322,650 primarily due to the increase in sales taxes.
- At the close of the current fiscal year, the City of Hawthorne governmental funds reported combined fund balances of \$88,154,118, an increase of \$16,661,284 in comparison with the prior year. Approximately 63% of this amount, \$55,409,627, is unassigned fund balance.
- At the end of the current fiscal year, unrestricted fund balance (the total of the *committed*, *assigned*, and *unassigned* components of *fund balance*) for the General Fund was \$57,837,119 or approximately 92.8% of total General Fund expenditures.

OVERVIEW OF THE ANNUAL COMPREHENSIVE FINANCIAL REPORT (ACFR)

The City is required to present its financial statement in accordance with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board (GASB) pronouncements. The discussion and analysis provided here is intended to serve as an introduction to the City of Hawthorne basic financial statements. The City of Hawthorne basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

City of Hawthorne

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Hawthorne finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the City of Hawthorne assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Hawthorne is improving or declining.

The *statement of activities* presents information showing how the City of Hawthorne net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless* of the timing of related cash flows. Thus, with the use of the accrual basis of accounting, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Hawthorne that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Hawthorne include general government, community development, public safety, highways, streets, and parks, and culture and recreation. The business-type activities of the City of Hawthorne include the City's Airport, Sewer and Storm Drain, and Storm Water.

The basic financial statements include the City (Primary government) and all legally separate entities (component units) for which the government is financially accountable. The City's component units consist of the following: The Housing Authority of the City of Hawthorne, The Parking Authority of the City of Hawthorne, and the Hawthorne Public Financing Authority. These component units have been included in the basic financial statements as an integral part of the primary government using the blended method.

The government-wide financial statements can be found on pages 20-22 of this report.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Hawthorne, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Hawthorne can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

City of Hawthorne

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

Governmental Funds - *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in assessing a governments near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City of Hawthorne near-term financing decisions. Both the governmental fund Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The major governmental funds include the General Fund, the Hawthorne Housing Authority Fund, and the 2019 Pension Obligation Bond Fund, which are reported in detail in the governmental Fund Financial Statements. All other funds are shown in the aggregate as other non-major funds. Individual fund data for other non-major governmental fund is provided in the form of supplementary information elsewhere in the report.

The basic governmental fund financial statements can be found on pages 23-28 of this report.

Proprietary Funds - The City of Hawthorne maintains two types of proprietary funds: enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the Government-wide Financial Statements. The City uses enterprise funds to account for its Airport, Sewer and Storm Drain, and Storm Water operations. Internal service funds are an accounting mechanism used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its Risk Management and Vehicles & Equipment Replacement. Because these services benefit both the governmental and the business-type activities, they have been allocated between governmental and business-type activities in the Government-wide Financial Statements.

Proprietary funds provide the same type of information as the Government-wide Financial Statements, only in more detail. The enterprise funds and internal service funds are each combined into a single aggregated presentation by fund type in the proprietary fund financial statements. Individual fund data for the enterprise funds and internal service funds is provided in the form of supplementary information elsewhere in the report.

The basic proprietary fund financial statements can be found on pages 29-31 of this report.

**Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021**

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Trust funds use the flow of economic resources measurement focus and the accrual basis of accounting. The Custodial Fund also uses the accrual basis of accounting and are custodial in nature. The fiduciary funds also include the Successor Agency to the Dissolved Hawthorne Redevelopment Agency in addition to agency funds. The Successor Agency is presented as a Private Purpose Trust Fund in this report.

The fiduciary fund financial statements can be found on pages 32-33 of this report.

Notes to Basic Financial Statements - The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 34-96 of this report.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning budgetary comparison schedules, the City's proportionate share of the net pension liability and the related schedule of contributions, and schedule of changes in the Net OPEB Liability and related ratios.

Required supplementary information can be found on pages 97-108 of this report.

GOVERNMENT-WIDE OVERALL FINANCIAL ANALYSIS

The government-wide financial statements provide information about the City's overall financial picture from the perspective of all the City's governmental and business-type funds combined together. This form of financial reporting is intended to provide a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities. The government-wide financial statements provide long-term and short-term information about the City's overall financial condition. This analysis addresses the financial statements of the City as a whole.

Statement of Net Position – Net position may serve over time as a useful indicator of a government's financial condition. In the case of the City of Hawthorne, liabilities and deferred inflows exceeded assets and deferred outflows by \$37.1 million at June 30, 2021. Approximately \$123.7 million of the City of Hawthorne's net position reflect its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related outstanding debt that was used to acquire those assets. The City of Hawthorne uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the City of Hawthorne's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Hawthorne

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

A portion of the City of Hawthorne's net position, \$30.8 million represents resources that are subject to external restrictions on how they may be used. The remaining balance is a deficit in *unrestricted net position* of, \$(191.6) million, is for unrestricted uses in accordance with finance-related legal requirements. This deficit reflects liabilities which exceeds assets on hand and is related mainly due to pension and OPEB liabilities, and long-term liabilities for funding the unfunded pension obligation.

At the end of the 2021 fiscal year, the City of Hawthorne is able to report positive balances in all categories of net position for the government as a whole except for unrestricted net position.

Governmental Activities. The City's net position from governmental activities totaled (\$50.7) million. The cost of all governmental activities this year was \$113.3 million. However, as shown in the Statement of Activities, the amount that the taxpayers ultimately financed for these activities was only \$59.4 million because some of the cost was paid by those who directly benefited from the programs (\$11.7 million), or by other governments and organizations that subsidized certain programs with operating and capital grants and contributions (\$29.0 million). Overall, the City's governmental program revenues were \$40.7 million. The City paid for the remaining "public benefit" portion of governmental activities with \$15.40 million in taxes (some of which could only be used for certain programs) and with \$0.9 million of other revenues, such as interest earnings and general entitlements.

The most significant governmental expense for the City was in providing for public safety, which incurred expenses of \$64.4 million.

Business-type Activities. Revenues of the City's business-type activities were \$2.4 million for the fiscal year ending June 30, 2021. Expenses for the City's business-type activities were \$1.9 million and transfers out of \$0.2 million for the year, resulting in a net increase in net position of \$0.4 million. The net revenues are the result of several factors, including the following:

The City's Airport recorded total revenue of \$1.0 million. Expenses for the City's Airport were \$1.1 million, resulting in a decrease in net position before transfers of \$0.1 million. The most significant expenses of the Airport are \$0.5 million for administration and general, \$0.3 million for contractual services and \$0.3 million in depreciation.

The City's Sewer Maintenance services recorded charges for service of \$1.4 million, while expenses totaled \$0.7 million, resulting in an increase in net position before transfers of \$0.7 million. The most significant expenses of the Sewer Fund are \$0.5 million for administration.

The City's Storm Water services recorded charges for services of \$37 thousand. No expenses were incurred, resulting in an increase in net position of \$37 thousand.

The increase in net position from business-type activities was primarily due to a decrease in contractual services expense.

FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS

As noted earlier, the City of Hawthorne uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds.

The focus of the City of Hawthorne's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Hawthorne financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

City of Hawthorne

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City of Hawthorne itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the City of Hawthorne's Council.

At June 30, 2021, the City of Hawthorne governmental funds reported combined fund balances of \$88.2 million, an increase of \$16.7 million in comparison with the prior year. Approximately 63% of this amount (\$55.4 million) constitutes unassigned fund balance. The remainder of the fund balance is either nonspendable or restricted.

Major Funds

The **General Fund** is the chief operating fund of the City of Hawthorne. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$57.8 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total General Fund expenditures. Unassigned fund balance represents approximately 92.8% of the total General Fund expenditures, while total fund balance represents approximately 95.9% of that same amount.

The fund balance of the City of Hawthorne General Fund increased by \$15.1 million during the current fiscal year. As discussed earlier in connection with governmental activities, the increase was due to a combination of both increased sales taxes as resulted from higher consumption and a decrease of net transfers of \$2.2 million due to prior year funding of pension obligation.

The **Hawthorne Housing Authority Special Revenue Fund** is used to account for the housing assistance programs for the qualified low-income residents. This fund ended the year with a fund balance of \$524 thousand, an increase of \$281 thousand from the fiscal year 2020. The increase was mainly due to an increase in operating grant received for Section 8 voucher program.

The **2019 Pension Obligation Bond Fund** is used to account for the debt service on the 2019 Taxable Pension Obligation Bonds. This fund ended the year with a fund deficit of \$1.7 million, a decrease of \$19 thousand from the fiscal year 2020. The current decrease was mainly due to the debt service payments, while in the prior year, the decrease was due to the funding of the pension obligation.

City of Hawthorne

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

Proprietary Funds

The City of Hawthorne proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Airport Fund accounts for the operation of the City's airport, which is operated in a manner similar to a private airport. At the end of the year, the net position amounted to \$7.6 million. The total change in net position for the Airport Fund was negative \$227 thousand. The change was mainly due to a decreased net transfer, from \$1.3 million to negative \$111 thousand, which was resulted from the funding of pension obligation in fiscal year 2020.

Sewer and Storm Drain Fund accounts for the operation of the City's sewer services. At the end of the year, the net position amounted to \$5.8 million. The total change in net position for the Sewer and Storm Drain Fund was \$557 thousand. The change was mainly due to a decreased net transfer, from \$1.1 million to negative \$99 thousand, which was resulted from the funding of pension obligation in fiscal year 2020.

Storm Water Fund accounts for the operation of the City's storm water services. At the end of the year, the net position amounted to \$227 thousand. The total change in net position for the Storm Water Fund was \$37 thousand. The change was due increased storm water inspection fees.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year, the City's adopted General Fund revenue and expenditure budgets were amended. The operating expenditure budget was decrease by \$4.5 million due to COVID-19 concerns, for a total amended expenditure budget of \$67 million for Fiscal Year 2020-2021. These amendments to original budgeted appropriations were authorized by City Council during the mid-year review. Other minor amendments to reallocate appropriations among departments took place. The movement of the appropriations between departments was not significant and did not increase the overall operating budget.

The General Fund revenues exceeded budgeted revenues by approximately \$15.4 million in Fiscal Year 2020-2021. The excess revenue was primarily due to an increase in taxes revenues of \$15.6 million.

The General Fund expenditures came in slightly lower than the amended budget by approximately \$5.1 million. The lower than anticipated expenditure amounts were in part due to a decrease in expenditures in the Police department of \$1.7 million, in Mayor and City Council of \$615 thousand, and Parks and recreation department of \$883 thousand. The following departments had expenditures over budget: Planning - \$45 thousand.

The overall General Fund Budget for Fiscal Year 2020-2021 was approximately \$20.5 million more favorably than projected due to the additional revenues, as noted above.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. Capital assets including infrastructure of the City are those assets that are used in the performance of the City's functions. At June 30, 2021, net capital assets totaled \$132.9 million for governmental activities and \$8.6 million for business-type activities, net of accumulated depreciation on capital assets, which is recognized in the Government-wide Financial Statements.

City of Hawthorne

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

This investment in capital includes land, building, improvements other than buildings, infrastructure (Intersection Widening project, Traffic Signal Modification and El Segundo Blvd. Improvement project. etc.) and machinery and equipment (Police vehicle replacement, etc.). The total decrease in the City's investment in capital asset for Fiscal Year 2020-2021 was \$1.8 million compared to prior year.

The City of Hawthorne's total long-term liabilities decreased by \$78.3 million during the current fiscal year, primarily due to the decrease in net pension liability in the fiscal year.

Additional information on the City of Hawthorne' long-term liabilities can be found in Note 5, 6, 7, 8, 11, and 12 of this report.

**Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Real GDP increased 2.1% at the end of the third quarter of 2021, after showing an increase of 6.7% in the second quarter of 2021. A drastic change from the decrease of -31.4% in the second quarter 2020. The City continues to focus on maintaining a conservative outlook, particularly with respect to revenues. In the case of the City of Hawthorne, slow and steady growth is projected at this point. The City's largest General Fund revenue source, Sales Tax, grew by 11% (\$3,556,156) in FY 2021 compared to FY 2020.

The City of Hawthorne has been fortunate to have a stable and diverse economic base, which has somewhat shielded its economy from downturns in any one specific category. Despite the slowing economy, the City of Hawthorne continued to see an increase in Sales Tax revenue in fiscal year 2020-21. The City's top five revenue sources are Sales Tax, Vehicle License Fees, Property Tax, Business License Tax, and Utility Users Tax. According to the February 2021 Economic Forecast prepared by the Los Angeles County Economic Development Corporation, *"The next two years will likely be characterized by economic recovery, the speed of which remains tied to the health crisis. Should the efficacy of the vaccines adhere to the initially published numbers, recovery should have a straightforward timeline. It is estimated that the majority of industries will return to pre-pandemic employment levels by 2024. This four-year recovery timeline appears much more promising compared to the Great Recession, wherein it took over six years for employment to reach its pre-recession peak."*

California's unemployment rate decreased to 7.3%. This is a decrease of 2% from the October 2020 rate of 9.3%. The unemployment rate is expected to remain elevated over the next two years, especially due to the second wave of COVID-19 virus shutdowns. California is slowly gaining jobs, but unemployment remains grim. If jobs continue to be added at the current rate, it is estimated unemployment rate will return to pre COVID-19 rates in 2022.

According to Employment Development Department data the average unemployment rate in Los Angeles County for October 2021, was estimated at 9.4%, a decrease of 2.9% compared to October 2020 of 12.3%.

In developing the budget for fiscal year 2021-22, the first priority was to build on City Council's direction to reduce general fund expenditures and seek opportunities for new revenues. In order to continue to retain and attract business, the City must strive to maintain a business friendly attitude.

The City of Hawthorne's financial outlook remains positive. The recommended fiscal year 2021-22 budget is balanced and in compliance with the City Council's amended General Fund Reserve Policy and the recently adopted Fiscal Management Policy. The City continues to operate efficiently and effectively, all while continuing to provide outstanding services for the community.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2021

Net changes in fund balances - total governmental funds \$ 16,661,284

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets and depreciation expense recorded in the current period. This amount excludes capital acquisitions/disposals and depreciation expense reported in the internal service fund.

Capital additions	\$ 3,405,624	
Depreciation expense, net of deletions of capital assets	<u>(4,775,936)</u>	(1,370,312)

Certain revenues in the governmental funds are deferred inflows of resources because they are measurable but not available under the modified accrual basis of accounting. However, the revenues are included on the accrual basis used in the government-wide statements. This amount represents the change during the year:

Grants and other reimbursement revenue		824,631
--	--	---------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long term debt consumes the current financial resources of governmental funds. Neither transaction, however, has an effect on net position:

Principal payments on long-term debt	4,861,023	
Principal payments of capital leases	138,678	
Principal payments of notes payable	8,994	
Changes in pension related items	<u>(12,313,835)</u>	(7,305,140)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Change in compensated absences	(1,412,824)	
Changes in other post-employment benefits related items	(5,154,796)	
Change in accrued interest	5,475	
Amortization of bond discount	(8,498)	
Amortization of bond premium	162,951	
Amortization of deferred amount on refunding	<u>(46,263)</u>	(6,453,955)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is included in the statement of activities.

**Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2021**

1) ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Entity

The City of Hawthorne was incorporated on July 25, 1922, as a general law city and operates under a Council/City Manager form of government. It is governed by an elected five-member council.

As required by generally accepted accounting principles, these financial statements present the financial activities of the City of Hawthorne (the primary government) and its component units. The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationship with the City. These entities are legally separate from each other. However, the City of Hawthorne elected officials have a continuing full or partial accountability for fiscal matters of the other entities. The financial reporting entity consists of: 1) the City, 2) organizations for which the City is financially accountable, and 3) organizations for which the nature and significance of their relationship with the City are such that exclusions would cause the City's financial statements to be misleading or incomplete.

An organization is fiscally dependent on the primary government if it is unable to adopt its budget, levy taxes or set rates or charges, or issue bonded debt without approval by the primary government. In a blended presentation, component units' balances and transactions are reported in a manner similar to the balances and transactions of the City. Component units are presented on a blended basis when the component unit's body is substantially the same as the City's or the component unit provides services almost entirely to the City.

Housing Authority of the City of Hawthorne (Hawthorne Housing Authority)

The Housing Authority of the City of Hawthorne is a public agency created by the City in 1984 to administer housing assistance programs for qualified low-income residents. The Housing Authority is governed by the City Council. The Housing Authority's administrative functions are performed by City employees. The financial activity of the Housing Authority is included in the City's financial statements as the Housing Authority Special Revenue Fund. Separate financial statements were not prepared for the Housing Authority of the City of Hawthorne.

Parking Authority of the City of Hawthorne (Parking Authority)

The Parking Authority is a public financing agency created by the City to provide parking facilities for the City's Redevelopment Plaza Project. The City Council serves as the Parking Authority's governing board and is, therefore, responsible for the fiscal and administrative activities of this related entity. The financial activity of the Parking Authority is reported in the City's financial statements in the Community Facilities District Fund which is a custodial fund. Separate financial statements were not prepared for the Parking Authority.

Description of Entity, (continued)

Hawthorne Public Financing Authority (Authority)

The Authority was formed as a result of a joint powers agreement between the City of Hawthorne (the City) and the Community Redevelopment Agency of the City of Hawthorne (the Agency). The purpose of the Authority is to provide financing for the acquisition, construction and improvements of capital assets and infrastructure, working capital requirements, or liability or other insurance programs of any local Agency. The Authority is governed by a Board of Directors, composed of the five members of the City's City Council. The financial activity of the Authority is reported in the City's financial statements as the Hawthorne Public Financing Authority Debt Service Fund. Separate financial statements were not prepared for the Hawthorne Public Financing Authority.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements, however, interfund services provided and used are not eliminated in the process of consolidation. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment.

Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources, such as taxes, are reported as general revenues rather than program revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Measurement focus is commonly used to describe the types of transactions and events that are reported in a fund's operating statement. Once it has been determined whether a fund is to measure changes in total economic resources or changes in current financial resources, the next issue to be addressed is the timing of the recognition of transactions and events. The technical term that describes the criteria governing the timing of the recognition of transactions and events is basis of accounting.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Grants, entitlements or shared revenues recorded in governmental funds are recognized as revenue in the accounting period when they become susceptible to accrual, i.e., both measurable and available (modified accrual basis). Grants received before the revenue recognition criteria have been met are reported as unearned revenue, a liability account. Such resources not received are reported as a receivable if the revenue recognition criteria have been met.

Measurement Focus, Basis of Accounting and Financial Statement Presentation, (continued)

The City reports the following major governmental funds:

- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The Hawthorne Housing Authority Special Revenue Fund is used to account for the housing assistance programs for the qualified low-income residents.
- The 2019 Pension Obligation Bond Fund is used to account for the debt service on the 2019 Taxable Pension Obligation Bonds.

The City's fund structure also includes the following fund types:

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes.

Fiduciary Funds are used to account for assets held by the City as an agent for individuals, private organizations, other governmental units and/or other funds. The City has the following Fiduciary Funds:

- Custodial Fund- This fund accounts for money and property held by the City as trustee or custodian. Custodial Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Custodial Funds account for assets held for specific uses that are not part of the City's operating activities; specifically, monies held by the City as an agent for property owners with special assessments and monies collected from individuals, private organizations or other governments who have made special deposits with the City for various purposes.
- Successor Agency Private Purpose Trust Fund - Private Purpose Trust Fund is a fiduciary fund type used by the City to report trust arrangements under which principal and income benefit other governments. This fund reports the assets, liabilities and activities of the Successor Agency to the Dissolved Hawthorne Redevelopment Agency. Unlike the limited reporting typically utilized for Agency Fund, Private Purpose Trust Fund reports a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

The City reports the following major proprietary funds:

- The *Airport Fund* accounts for the operation of the City's airport, which is operated in a manner similar to a private airport.
- The *Sewer and Storm Drain Fund* accounts for the operation of the City's sewer services.
- The *Storm Water Fund* accounts for the operation of the City's storm water services.

Additionally, the City reports the following fund type:

- *Internal Service Funds* account for financial transactions related to repair, replacement and maintenance of City-owned equipment and the City's self-insurance programs. These services are provided to other departments or agencies of the City on a cost reimbursement basis.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City has elected to follow all pronouncements of the GASB.

Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires City management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates.

Fund Balance Reporting

Fund balance classifications are comprised of a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds, described as follows:

Nonspendable fund balance includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The City's nonspendable fund balance represents inventories, prepaid items, and long-term advances, the collectability of which is not assured.

Restricted fund balance includes resources that are subject to externally enforceable legal restrictions. It includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. All special revenue funds are classified as restricted.

Committed fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The City does not have committed fund balances as of June 30, 2021.

Assigned fund balance includes funds that are set aside for specific purposes by the City's highest level of decision making authority or a body or official that has been given the authority to assign funds. The City does not have assigned fund balances as of June 30, 2021.

Unassigned fund balance is the residual classification for the City's fund balance and includes all spendable amounts not contained in the other classifications. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls. The General Fund is the only fund that reports a positive unassigned fund balance amount.

The City Council, as the City's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken. Committed amounts cannot be used for any other purpose unless the City Council removes or changes the specific use through the same type of formal action taken to establish the commitment. The City Council considers a resolution to constitute a formal action of the City Council for the purposes of establishing committed fund balance.

The City Council delegates the authority to assign fund balance to the City Manager for purposes of reporting in the annual financial statements.

1) ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,
(continued)

Fund Balance Reporting, (continued)

The City considers the restricted fund balances to have been spent when an expenditure is incurred for purposes for which both unrestricted and restricted fund balance is available. The City considers unrestricted fund balances to have been spent when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used. When expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the policy of the City to reduce the committed amounts first, followed by assigned amounts, and then unassigned amounts.

Net Position

Classifications of Net Position are as follows:

Net investment in capital assets - This represents the City's total investment in capital assets, net of accumulated depreciation and outstanding debt obligations related to those capital assets.

Restricted net position - Restricted net position include resources in which the City is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties or by enabling legislation adopted by the City.

Unrestricted net position - Unrestricted net position represents resources available to be used for transactions relating to the general operations of the City, and may be used at the discretion of the governing board, as designated, to meet current expenses or for specific future purposes.

Flow Assumption for Net Position

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

1) ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,
(continued)

Cash and Cash Equivalents

For purpose of the statement of cash flows, the City considers cash and cash equivalents as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. The City follows the practice of pooling cash and investments of all funds. Since cash and investments are pooled, the City utilizes the assumption that cash and investments in the Enterprise and Internal Service Funds are cash and cash equivalents.

Investments

Investments for the City as well as for its component units are reported at fair value, and all investment income; including changes in the fair value of investments, is recognized as revenue in the operating statements. The City's policy is generally to hold investments until maturity or until market values equal or exceed cost. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either due to/from other funds (i.e., the current portion of interfund loans) or advances to/from other funds (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

Advances to Successor Agency, as reported in the fund financial statements, are offset by unavailable revenue account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of allowance for uncollectibles.

1) ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,
(continued)

Inventories

Inventories of materials and supplies are carried at cost on a first-in, first-out basis. The City uses the consumption method of accounting for inventories. Special reporting treatments are also applied to governmental fund inventories to indicate that they do not represent available spendable resources, even though they are a component of net current assets. Such amounts are generally offset by fund balance nonspendable accounts.

Prepaid Costs and Land Held for Resale

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements, using the consumption method. Land purchased for resale is capitalized as inventory at acquisition costs or net realizable value if lower. The fund balances in the governmental funds have been classified as nonspendable for amounts equal to prepaid costs and land held for resale in the fund-level statements since these amounts are not available to the City's current operations.

Capital Assets

Capital assets, which include property, plant, equipment, intangible assets and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at the estimated acquisition value at the time of acquisition. The City has reported its general infrastructure assets which include streets, sidewalks, storm drains, curbs and gutters, handicap ramps and trails.

1) ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,
(continued)

Capital Assets, (continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects or as constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

The provision for depreciation of capital assets of the primary government, as well as its component units, is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Curbs and gutters	40
Parks	50
Sewer	40
Sidewalks	40
Streets	50
Traffic signs and signals	30
Machinery and equipment	5-50
Vehicles	5
Buildings	40

Deferred Outflows and Inflows of Resources

A deferred outflow of resources is defined as a consumption of net position by the government that is applicable to a future reporting period. A deferred inflow of resources is defined as an acquisition of net position by the government that is applicable to a future reporting period. Refer to Note 16 for the list of deferred inflows and deferred outflows of resources the City has recognized as of June 30, 2021, excluding pension and OPEB related amounts.

Claims and Judgments

The City is partially self-insured for general liability and workers' compensation claims. The City records estimated liabilities for such claims filed or estimated to be filed for incidents which have occurred. The City's claims and judgments payable are recorded in the City's Insurance Reserve Internal Service Fund.

1) ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,
(continued)

Employee Compensated Absences

Vacation pay is payable to employees at the time a vacation is taken or upon termination of employment. Employees may accrue a maximum of half their annual accrual rate. Upon termination an employee will be paid for any unused accrued vacation pay. Sick leave is payable when an employee is unable to work because of illness. Upon retirement, employees are entitled to receive the full value of their accumulated sick leave time.

Only the short-term liability for compensated absences (the amount due to employees for future absences, such as vacation and compensatory time, which are attributable to services already rendered) is reported as a current liability in the governmental funds and only if they have matured, for example, as a result of employee resignations and retirements; the long-term liability is reported in the government-wide financial statements. The short-term liability is the amount that will be liquidated with current financial resources and is expected to be paid during the next fiscal year. All of the liability for compensated absences applicable to proprietary funds is reported in those funds.

The long-term portion of compensated absences payable has been accrued for the Governmental Activities on the Government-Wide Financial Statement. Also, compensated absences are generally liquidated by the General Fund. There is no fixed payment schedule to pay these liabilities.

Property Tax Revenue

Property tax revenue is recognized in the fiscal year for which the taxes have been levied providing they become available. Available means then due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter (not to exceed 60 days) to be used to pay liabilities of the current period. The County of Los Angeles collects property taxes for the City. Tax liens attach annually as of 12:01 A.M. on the first day in January preceding the fiscal year for which the taxes are levied. Taxes are levied on both real and personal property as it exists on that date. The tax levy covers the fiscal period July 1 to June 30. All secured personal property taxes and one-half of the taxes on real property are due November 1; the second installment is due February 1. All taxes are delinquent, if unpaid, on December 10 and April 10, respectively. Unsecured personal property taxes become due on March 1 each year and are delinquent, if unpaid, on August 31.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

Valuation Date (VD)	June 30, 2019
Measurement Date (MD)	June 30, 2020
Measurement Period (MP)	July 1, 2019 to June 30, 2020

Other Post-Employment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are reported at fair value.

GASB 65 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

Valuation Date (VD)	June 30, 2019
Measurement Date (MD)	June 30, 2020
Measurement Period (MP)	July 1, 2019 to June 30, 2020

New Accounting Pronouncements

During the fiscal year ended June 30, 2021, the City implemented the following GASB standard:

GASB Statement No. 84 – The Governmental Accounting Standards Board (GASB) has issued Statement No. 84, *Fiduciary Activities*. The primary objective of this statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

As a result, activities not previously reported in the Fiduciary Funds now meet the criteria to be reported as a custodial fund. See prior period restatement disclosure (Note 19) for details.

Investments Authorized by Debt Agreements

The above investments do not address investment of debt proceeds held by a bond trustee. Investments of debt proceeds held by a bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy.

Investments in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. LAIF is overseen by the Local Agency Investment Advisory Board, which consists of five members, in accordance with State statute. The State Treasurer's Office audits the fund annually. The fair value of the portion in the investment pool is the same as the value of the pool shares.

2) CASH AND INVESTMENTS, (continued)

Credit Risk

The City's investment policy limits investments in commercial paper to those rated "A-1" or higher by Standard and Poor's (S&P) or by Moody's. Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Presented below is the minimum rating required by the City's Investment Policy and the actual rating as of June 30, 2021:

Investment Type	Amount	Minimum Legal Rating	AAA	Not Rated
External Investment Pools -				
Local Agency Investment Fund	\$ 13,204,653	N/A	\$ -	\$ 13,204,653
Negotiable Certificates of Deposits	7,057,422	N/A	7,057,422	-
Fidelity Money Market	2,642,300	N/A	-	2,642,300
Held by Bond Trustee:				
Money Market Mutual Funds	3,376,695	N/A	-	3,376,695
Investment Agreements	<u>727,125</u>	N/A	<u>-</u>	<u>727,125</u>
Total	<u>\$ 27,008,195</u>		<u>\$ 7,057,422</u>	<u>\$ 19,950,773</u>

Custodial Credit Risk

The California Government Code requires California financial institutions to secure a City's deposits by pledging government securities with a value of 110% of a City's deposits. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of a City's total deposits. The City Treasurer may waive the collateral requirement for deposits which are fully insured up to \$250,000 by the FDIC. The collateral for deposits in federal and state chartered banks is held in safekeeping by an authorized Agent of Depository recognized by the State of California Department of Banking. These securities are physically held in an undivided pool for all California public agency depositors. Under Government Code Section 53655, the placement of securities by a financial institution with an "Agent of Depository" has the effect of perfecting the security interest in the name of the local governmental agency. Accordingly, all collateral held by California Agents of Depository are considered to be held for, and in the name of, the local governmental agency.

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. At June 30, 2021, the City deposits (bank balances) were collateralized under California Law.

2) CASH AND INVESTMENTS, (continued)

Concentration of Credit Risk

The City's investment policy imposes restrictions on the percentage that the City can invest in certain types of investments. As of June 30, 2021, there were no investments in any one issuer that represents 5% or more of the total City's investments. Investments guaranteed by the U.S. government and investments in mutual funds and external investment pools are excluded from this requirement.

Interest Rate Risk

The City's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The City has elected to use the segmented time distribution method of disclosure for its interest rate risk.

As of June 30, 2021, the City had the following investments and original maturities:

Investment Types	Less than 1 year	1 to 3 years	3 to 5 years	Total

Fair Value Measurements

GASB Statement No. 72, *Fair Value Measurements and Application*, establishes a fair value hierarchy consists of three broad levels: Level 1 inputs consist of quoted prices (unadjusted) for identical assets and liabilities in active markets that a government can access at the measurement date, Level 2 inputs consist of inputs other than quoted prices that are observable for an asset or liability, either directly or indirectly, that can include quoted prices for similar assets or liabilities in active or inactive markets, or market-corroborated inputs, and Level 3 inputs have the lowest priority and consist of unobservable inputs for an asset or liability.

The following table presents the balances of the assets measured at fair value on a recurring basis as of June 30, 2021:

Investments by Fair Value Level	Fair Value Measurement Using			
	Total	Level 1	Level 2	Level 3

Advances to/from Other Funds

<u>Receivable Fund</u>	<u>Amount</u>	<u>Payable Fund</u>	<u>Amount</u>
Internal Service Fund:		Enterprise Fund:	
Equipment Replacement	<u>\$ 310,000</u>	Airport	<u>\$ 310,000</u>
Totals	<u><u>\$ 310,000</u></u>		<u><u>\$ 310,000</u></u>

The \$310,000 advance to the Airport Fund from the Equipment Replacement Fund was to assist with the replacement of underground storage tanks.

In prior fiscal years, the General Fund made long-term advances to the 2005 PERS Obligation Bonds Fund and the Insurance Reserve Internal Service Fund to cover negative cash excess operating expenditures. The City refunded the 2005 PERS Bonds in fiscal year 2016-17 and paid back the funds portion of the advance. During the fiscal year ended June 30, 2021, the City made payments toward the remaining balances on these advances.

Advances to Successor Agency

Advances to Successor Agency

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Successor Agency	
	Private Purpose Trust Fund	<u><u>\$ 45,659,474</u></u>

In prior fiscal years, the City of Hawthorne advanced money to the Former Redevelopment Agency to cover the cost of operations. In June 2011, AB X1 26 dissolved the former Redevelopment Agency, effective (after some litigation on the matter) February 1, 2012. As part of the dissolution process set forth in that bill and a later bill clarifying and modifying the terms of the dissolution (Assembly Bill 1484, adopted in June 2012), the existing loan from the City to the Agency was considered by the Department of Finance to be unenforceable. The successor agency to the former redevelopment agency has sought reconsideration by the Department of Finance as to the enforceability of the loan. Because of the uncertainty of collection by the General Fund, full loan amount of the loan of \$45,659,474 (including \$26,084,619 of accrued interest) has been reserved as potentially uncollectible as of June 30, 2021.

5) LONG-TERM DEBT, (continued)

2016 Certificate of Participation Series A and Series B, (continued)

Series B Certificates

In May 2016, the City issued \$17,470,000 Series B Certificates of Participation to provide funds to (a) refinance the obligations with respect to the City of Hawthorne Pension Obligation Bonds, Series 2005, (b) pay a portion of the costs of the Reserve Policy and (c) pay delivery costs incurred in connection with the execution, delivery and sale of the Series B Certificates. Total principal and interest remaining on the bonds as of June 30, 2021 is \$11,548,024 payable through 2031.

The Series B Certificates are not subject to optional redemption prior to maturity.

The obligation of the City to make the Lease Payments under the Lease Agreement for the 2016 Certificate of Participation Series A and Series B does not constitute an obligation of the City for which the City is obligated to levy or pledge any form of taxation or for which the City has levied or pledged any form of taxation. The obligation of the City to make Lease Payments does not constitute a debt of the City, the State of California or any political subdivision thereof within the meaning of any constitutional or statutory debt limitation or restriction.

Although the Lease Agreement does not create a pledge, lien or encumbrance upon the funds of the City, the City is obligated under the Lease Agreement to pay the Lease Payments from any source of legally available funds and the City has covenanted in the Lease Agreement that, for so long as the Property is available for its use, it will make the necessary annual appropriations within its budget for the Lease Payments. The City is currently liable and may become liable on other obligations payable from general revenues, some of which may have a priority over the Lease Payments, or which the City, in its discretion, may determine to pay prior to the Lease Payments.

Whenever any Event of Default shall have happened and be continuing, it shall be lawful for the Corporation to exercise any and all remedies available pursuant to law or granted pursuant to the Lease Agreement; provided, however, that notwithstanding anything in the Lease Agreement or in the Trust Agreement to the contrary, there shall be no right under any circumstances to accelerate the Lease Payments or otherwise declare any Lease Payments not then in default to be immediately due and payable. Each and every covenant in the Lease Agreement to be kept and performed by the City is expressly made a condition and upon the breach thereof, the Corporation may exercise any and all rights of entry and reentry upon the Property, and also, at its option, with or without such entry, may terminate the Lease Agreement; provided, that no such termination shall be effected either by operation of law or acts of the parties to the Lease Agreement, except only in the manner expressly provided in the Lease Agreement. In the event of such default and notwithstanding any re-entry by the Corporation, the City shall, as expressly provided in the Lease Agreement, continue to remain liable for the payment of the Lease Payments and/or damages for breach of the Lease Agreement and the performance of all conditions contained in the Lease Agreement and, in any event such rent and/or damages shall be payable to the Corporation at the time and in the manner as provided on the Lease Agreement.

2019 Pension Obligation Bonds

On September 24, 2019, the City of Hawthorne issued 2019 Taxable Pension Obligation Bonds, Series 2019 in the amount of \$121,865,000. The 2019 Bonds were placed with U.S. Bank National Association. The bonds were issued to (a) finance a portion of the City's unfunded accrued liability to the California Public Employees' Retirement System (CalPERS) for the benefit of the City's employees and to pay a portion of current normal costs, and (b) pay the costs incurred in connection with the issuance of the bonds. The bonds bear variable interest rates ranging from 2.115% to 3.299% and are payable semiannually on June 1 and December 1 of each year, commencing June 1, 2020 until maturity or earlier redemption. The bonds mature in fiscal year 2049. Total principal and interest remaining on the bonds as of June 30, 2021 is \$186,850,936.

The obligations of the City under the Bonds, including the obligation to make all payments of interest and principal when due, are obligations of the City imposed by law and are absolute and unconditional, without any right of set-off or counterclaim. The Bonds do not constitute an obligation of the City for which the City is obligated to levy or pledge any form of taxation. Neither the Bonds nor the obligations of the City to make payments on the Bonds constitute an indebtedness of the City, the State of California, or any of its political subdivisions in contravention of any constitutional or statutory debt limitation or restriction.

For the purpose of paying the principal of and interest on the Bonds, the City Council has covenanted under the Trust Agreement, to take such actions annually as are necessary or appropriate to cause the debt service on the Bonds due in any fiscal year to be included in the budget for such fiscal year and to make the necessary appropriations therefor from any legally available funds, including the General Fund, to ensure that sufficient sums are available to pay the annual principal of and interest on the Bonds as the same become due.

5) LONG-TERM DEBT, (continued)

2019 Pension Obligation Bonds, (continued)

The Bonds maturing on or before June 1, 2029, are not subject to optional redemption prior to their respective stated maturities. The Bonds maturing on and after June 1, 2030, are subject to optional redemption from any source of available funds of the City, prior to their respective maturities, in whole or in part among maturities as specified by the City, and by lot within a maturity, on any date on or after June 1, 2029, at a redemption price equal to the principal amount of the Bonds to be redeemed, plus accrued interest thereon to the date of redemption, without premium.

The Bonds maturing on June 1, 2039 and June 1, 2044, are also subject to mandatory sinking fund redemption on June 1 in the years, and in the amounts, as set forth in the Official Statement at a redemption price equal to one hundred percent (100%) of the principal amount thereof to be redeemed (without premium), together with interest accrued thereon to the date fixed for redemption.

The following events constitute Events of Default under the Trust Agreement: (a) if default shall be made in the due and punctual payment of the principal of any Bond when and as the same shall become due and payable, whether at maturity as therein expressed, by declaration or otherwise; (b) if default shall be made in the due and punctual payment of any installment of interest on any Bond when and as such interest installment shall become due and payable; (c) if default shall be made by the City in the observance of any of the covenants, agreements or conditions on its part in the Trust Agreement or in the Bonds contained, and such default shall have continued for a period of thirty (30) days after written notice thereof to the City; or (d) if the City shall file a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America, or if a court of competent jurisdiction shall approve a petition, seeking reorganization of the City under the federal bankruptcy laws or any other applicable law of the United States of America, or if, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the City or of the whole or any substantial part of its property. A Bondholder may exercise any remedies available pursuant to the law or the Trust Agreement if an event of default occurs under the Trust Agreement.

Loan Payable – West Basin

On November 26, 2008, the City of Hawthorne entered into a loan agreement with West Basin Municipal Water District. The loan is to provide the City assistance for the cost of retrofit improvements for the irrigation system at the Jim Thorpe Park. The loan amount was \$100,000 of which the Metropolitan Water District contributed \$9,500 on behalf of the City. The loan is subject to an interest rate of 5% per annum and is to be repaid within 13 years. Principal payments are due semi-annually on June 1 and December 1. Total principal and interest remaining on the loan as of June 30, 2021 is \$2,950.

The City can pay the loan balance with no penalty. If any action is instituted to enforce the loan agreement, the prevailing party shall reimburse all reasonable attorney's fees, costs of collection, as well as any other costs and expenses incurred in connection with enforcement effort. The City shall not assign, sell, or otherwise transfer any obligation or interest in the agreement without specific written consent of the District.

6) CAPITAL LEASES, (continued)

Capital Lease Payable - Ricoh Copier Lease

In February 2019, the City entered into a capital lease with First American Commercial Bancorp, Inc. to acquire equipment. These assets have been capitalized with the obligation shown in the statement of net position. The following is a schedule by year of future minimum lease payments under the capital lease agreement as of June 30, 2021:

Year Ending June 30,	Principal	Interest	Total
2022	\$ 25,049	\$ 8,193	\$ 33,242
2023	28,785	4,458	33,243
2024	15,964	657	16,621
Total	<u>\$ 69,798</u>	<u>\$ 13,308</u>	<u>\$ 83,106</u>

7) COMPENSATED ABSENCES

The following is a summary of changes in compensated absences for the year ended June 30, 2021:

	Balance June 30, 2020	Additions	Deletions	Balance June 30, 2021	Due Within One Year
Governmental Funds	\$ 3,479,662	\$ 2,183,691	\$ (770,867)	\$ 4,892,486	\$ 978,497
Internal Service Funds	51,375	34,452	(18,231)	67,596	13,519
Business-Type Activities	977	76,305	(7,557)	69,725	13,945
Total compensated absences	<u>\$ 3,532,014</u>	<u>\$ 2,294,448</u>	<u>\$ (796,655)</u>	<u>\$ 5,029,807</u>	<u>\$ 1,005,961</u>

As discussed in Note 1 of the financial statements for governmental fund types, the City's liability for vested and unpaid compensated absences (accrued vacation and sick pay) that exceeds expendable, available financial resources is reported in long-term liabilities. The accrual is calculated in accordance with GASB Code Section C60.109. For governmental activities, the liability will be paid in future years by the General Fund, and for business-type activities, the liability will be paid by the Airport Fund.

8) CLAIMS AND JUDGMENTS

The following is a summary of changes in claims and judgments for the year ended June 30, 2021:

	Balance June 30, 2020	Additions	Deletions	Balance June 30, 2021	Due Within One Year
Internal Service Funds:					
Claims and judgements	\$ 2,973,235	\$ 2,718,450	\$ (1,379,301)	\$ 4,312,384	\$ 862,477

As of June 30, 2021, the City is party to certain lawsuits. After reviewing these lawsuits with legal counsel, management has estimated the potential claims against the City not covered by insurance resulting from such litigation, and has recorded a liability in the Internal Service Fund. At June 30, 2021, total estimated claims payable were \$4,312,384.

9) NON-CITY OBLIGATION DEBT - SPECIAL ASSESSMENT BONDS

Assessment District Bonds

During the year ended June 30, 1992, two Community Facilities Districts (Districts) were established by the former Community Redevelopment Agency (Agency) of the City of Hawthorne. Bonds have been issued to finance certain capital costs which have a special and direct benefit to the related property owners. Under the terms and conditions of these bonds, the Agency acts as agent for the property owners in collecting the special taxes and forwarding the collections to the bond holders. These bonds have been subsequently refunded by the issuance of 2010 Special Tax Refunding Bonds in the amount of \$13,180,000. As of June 30, 2021, the bonds outstanding from these Community Facility Districts totaled \$5,420,000.

On April 20, 2005, the District issued the 2004-1 (Fusion at South Bay) 2005 Special Tax Bonds totaling \$3,880,000 to acquire an easement and certain public facilities of benefit to the District. As of June 30, 2021, the bonds outstanding from this Community Facility District totaled \$2,785,000.

On November 21, 2006, the City of Hawthorne issued the 2006 Special Tax Bonds totaling \$14,755,000 for its Community Facilities District No. 2006-1 (Three Sixty Degrees @ South Bay) (the "District"), to finance the acquisition of an easement and certain public facilities in the vicinity of the District. The bonds are payable solely from Special Tax Revenues levied upon the District. On January 23, 2020, the City of Hawthorne, for and on behalf the District, issued the 2020 Special Tax Rending Bonds in the amount of \$9,435,000 to (i) refund the outstanding City of Hawthorne Community Facilities District No. 2006-1 (Three Sixty Degrees @ South Bay) 2006 Special Tax Bonds, (ii) fund a reserve fund for the Bonds, and (iii) pay costs of issuing the Bonds. The Bonds are payable from the proceeds of an annual Special Tax (as defined in the Fiscal Agent Agreement) being levied on certain property located within the District, and from certain funds pledged under the Fiscal Agent Agreement. The Special Tax is being levied according to a rate and method of apportionment of Special Taxes approved in 2006.

**Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2021**

9) NON-CITY OBLIGATION DEBT - SPECIAL ASSESSMENT BONDS, (continued)

Interest on the Bonds is payable on March 1 and September 1 of each year, commencing on September 1, 2020. The Bonds are subject to optional redemption and redemption from Special Tax Prepayments prior to their respective maturities. As of June 30, 2021, the bonds outstanding from this Community Facility District totaled \$9,200,000.

Such bonds do not constitute an indebtedness of either the City or the Agency, and are payable solely from special taxes collected from property owners within the Districts. In the opinion of City and Agency officials, these bonds are not payable from any revenues or assets of the City or Agency and none of the full faith and credit of the City, the Agency, the Districts, the State or any political subdivision thereof is obligated to the payment of the principal or interest on the bonds. Accordingly, no liability has been recorded as long-term debt.

Plan Descriptions

The Plans consist of an agent multiple-employer defined benefit pension plan and a public agency cost-sharing multiple-employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS).

11) RETIREMENT PLANS, (continued)

A) General Information about the Pension Plans, (continued)

Miscellaneous – Agent, Multiple-Employer Defined Benefit Pension Plan

A full description of the pension plan regarding number of employees covered, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the plan's June 30, 2018 Annual Actuarial Valuation Report (funding valuation). Details of the benefits provided can be obtained in Appendix B of the actuarial valuation report. This report and CalPERS' audited financial statements are publicly available reports that can be obtained at CalPERS' website, at www.calpers.ca.gov.

Safety – Cost Sharing, Multiple-Employer Defined Benefit Pension Plan

All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan) administered by the California Public Employees' Retirement System (CalPERS.) The Plan consists of individual rate plans (benefit tiers) within a safety risk pool (police and fire) and a miscellaneous risk pool (all other). Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous pools. Accordingly, rate plans within the safety or miscellaneous pools are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the miscellaneous or safety risk pools. The City sponsors two safety plans in safety risk pools. Benefit provisions under the Plan are established by State statute and the City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS' website, at www.calpers.ca.gov.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 5 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

11) RETIREMENT PLAN, (continued)

A) General Information about the Pension Plans, (continued)

Contributions

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process.

Miscellaneous – Agent, Multiple-Employer Defined Benefit Pension Plan

The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contribution requirements are classified as plan member contributions. Employer Contributions to the Plan for the fiscal year ended June 30, 2021, were \$1,610,843.

Safety – Cost Sharing, Multiple-Employer Defined Benefit Pension Plan

For public agency cost-sharing plans covered by either the Miscellaneous or Safety risk pools, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contribution requirements are classified as plan member contributions. Employer Contributions to the Plan for the fiscal year ended June 30, 2021, were \$2,397,913. The actual employer payments of \$73,465,481 made to CalPERS by the City during the measurement period ended June 30, 2020, differed from the City's proportionate share of the employer's contributions of \$11,972,293 by \$61,493,188 which is being amortized over the expected average remaining service lifetime in the Public Agency Cost-Sharing Multiple Employer Plan.

B) Net Pension Liability

The City's net pension liability for the Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the Plan is measured as of June 30, 2020, using an annual actuarial valuation as of June 30, 2019. A summary of principal assumptions and methods used to determine the net pension liability is as follows.

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry Age Normal in accordance with the requirements of GASB 68
Asset Valuation Method	Market Value of Assets
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.625%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table ⁽¹⁾	Derived using CALPERS' membership data for all Funds
Post Retirement Benefit Increase	The lesser of contract COLA or 2.50% until Purchasing Power Protection Allowance floor on purchasing power applies, 2.50% thereafter.

(1) The mortality table used was developed based on CalPERS' specific data. The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and Post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.

All other actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website, at www.calpers.ca.gov.

11) RETIREMENT PLAN, (continued)

B) Net Pension Liability, (continued)

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The expected real rates of return by asset class are as follows:

<u>Asset Class¹</u>	<u>Current Target Allocation</u>	<u>Real Return Years 1 - 10²</u>	<u>Real Return Year 11+³</u>
Global Equity	50.0%	4.80%	5.98%
Global Fixed income	28.0%	1.00%	2.62%
Inflation Sensitive	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Estate	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	(0.92%)
Total	<u>100%</u>		

Change of Assumptions

There were no changes in assumptions.

11) RETIREMENT PLAN, (continued)

B) Net Pension Liability, (continued)

Discount Rate

The discount rate used to measure the total pension liability for PERF C was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Plan Fiduciary Net Position

Information about the pension plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position are presented in CalPERS' audited financial statements, which are publicly available reports that can be obtained at CalPERS' website, at www.calpers.ca.gov. The plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis used by the pension plan, which is the economic resources measurement focus and the accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

The plan fiduciary net position disclosed in the GASB 68 accounting valuation report may differ from the plan assets reported in the funding actuarial valuation report due to several reasons. First, for the accounting valuations, CalPERS must keep items such as deficiency reserves, fiduciary self-insurance and Other Post-Employment Benefits (OPEB) expense included as assets. These amounts are excluded for rate setting purposes in the funding actuarial valuation. In addition, differences may result from early Annual Comprehensive Financial Report closing and final reconciled reserves.

¹ During Fiscal Year 2017-18, as a result of Governmental Accounting Standards Board Statement (GASB) No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pensions (GASB 75), CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB 75.

Additionally, CalPERS employees participate in various State of California agent pension plans and during Fiscal Year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68).

The City’s net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plans is measured as of June 30, 2020, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019. The City’s proportion of the net pension liability was determined by CalPERS using the output from the Actuarial Valuation System and the fiduciary net position, as provided in the CalPERS Public Agency Cost-Sharing Allocation Methodology Report, which is a publicly available report that can be obtained at CalPERS’ website, at www.calpers.ca.gov. The City’s proportionate share of the net pension liability for the safety Plan as of June 30, 2019 and 2020, was as follows:

	<u>Safety</u>
Proportionate Share of NPL - June 30, 2019	1.06348%

Amortization of Deferred Outflows and Deferred Inflows of Resources

Under GASB Statement No. 68, gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense.

11) RETIREMENT PLANS, (continued)

C) Proportionate Share of Net Pension Liability, (continued)

Amortization of Deferred Outflows and Deferred Inflows of Resources, (continued)

The amortization period differs depending on the source of the gain or loss:

Difference between projected and actual earnings	5 year straight-line amortization
All other amounts	Straight-line amortization over the average expected remaining services lives of all members that are provided with benefits (active, inactive and retired) as of the beginning of the measurement period

For the agent, multiple employer plan, the expected average remaining service lifetime (EARSL) is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired). For the cost sharing, multiple employer plan, the EARSL is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired) in the Public Agency Cost Sharing Multiple-Employer Plan (PERF C).

The EARSL for the miscellaneous agent plan for the measurement date ending June 30, 2020, is 2.3 years, which was obtained by dividing the total service years of 1,796 (the sum of remaining service lifetimes of the active employees) by 784 (the total number of participants: active, inactive, and retired). Inactive employees and retirees have remaining service lifetimes equal to 0. Total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

The EARSL for the PERF C for the measurement period ending June 30, 2020, is 3.8 years, which was obtained by dividing the total service years of 548,581 (the sum of remaining service lifetimes of the active employees) by 145,663 (the total number of participants: active, inactive, and retired). Inactive employees and retirees have remaining service lifetimes equal to 0. Also note that total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

12) OTHER POST-EMPLOYMENT EMPLOYEE BENEFITS

Plan Description

The City provides certain postemployment health care benefits under a single-employer defined benefit plan, in accordance with the various City Council Resolutions: No. 966, No. 5967, No. 5978, No. 5983, No. 5984, No. 6022 and No. 6046, to the following three employee categories: general, fire and police.

The following is a description of the eligibility requirements, the term of the benefits, and the postemployment health benefits available to eligible employees:

General

All employees who have retired from a classification covered by the memorandum of understanding, are receiving retirement benefits from PERS, and have a minimum of 10 years of full-time employment, shall be entitled to enroll in a PERS health plan. The City agrees to reimburse an amount equal to the coverage for the plan in which the employee is enrolled. This benefit commences upon the employee's retirement date and ceases when the employee becomes ineligible for coverage under the PERS health benefits plan.

Fire

All employees who have retired from a classification covered by the memorandum of understanding, are receiving retirement benefits from PERS and have a minimum of 15 years of full-time employment, shall be entitled to enroll in a PERS health plan. The City agrees to reimburse an amount equal to the cost of the coverage for the plan in which the employee is enrolled. This benefit commences upon the employee's retirement date and ceases when the employee becomes ineligible for coverage under the PERS health benefits plan. The City began contracting with the County of Los Angeles beginning in February 1997. Therefore, this benefit pertained only to those employees retiring before February 1997.

Police

All employees who have retired, have at least 20 years of service in the Hawthorne Police Department, and have reached the age of 50, shall be entitled to enroll in a PERS health plan. The City agrees to pay for health insurance for the retired employee and his or her dependent spouse or family less the retiree contribution of \$14.15 per month for 2-party coverage or \$23.99 per month for family coverage.

A qualified retiree shall be covered by this provision as long as he/she is eligible for PERS health insurance coverage. The dependent spouse of a qualified retiree shall be covered until he/she reaches the age of 65. Any employee who retires with less than the minimum requirements as noted above shall be offered the opportunity to continue their participation in the group health insurance (PERS) in effect at that time. The City does not provide dental, vision, Medicare Part B, or life insurance as part of the plan.

12) OTHER POST-EMPLOYMENT EMPLOYEE BENEFITS, (continued)

Sensitivity of the Total OPEB Liability to Changes in the Health Care Trend Rates

The following presents the total OPEB liability of the City if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2020:

	1% Decrease	Current Healthcare Cost Trend Rates	1% Increase
Total OPEB Liability	\$ 114,465,862	\$ 139,733,637	\$ 173,426,492

OPEB Plan Fiduciary Net Position

As the City is not prefunding with an OPEB trust, Plan Fiduciary Net Position was \$0 at the June 30, 2020 measurement date. The City does not have assets accumulated in a trust that meets the criteria of GASB 75 to pay related benefits.

Recognition of Deferred Outflows and Deferred Inflows of Resources

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The net difference between projected and actual earnings on OPEB plan investments is amortized using the straight-line method over 5 years, while all other amounts are amortized over the expected average remaining service lifetime (EARSL) of plan participants.

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2021, the City recognized OPEB expense of \$8,363,972 with details as follows:

	<u>Total</u>

13) INSURANCE

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The City established the Insurance Reserve Fund to account for and finance its uninsured risks of loss, and records its risk in long-term debt.

The Insurance Reserve Fund provides coverage for up to a maximum of \$250,000 for each workers' compensation claim and \$250,000 for each general liability claim. The City is a member of the Independent Cities Risk Management Authority (ICRMA) for its excess liability insurance coverage and workers' compensation coverage and purchases commercial insurance for claims in excess of coverage provided by the fund for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

All funds of the City except the fiduciary funds participate in the program and make payments to the fund based on actuarial estimates of the amounts needed to pay prior year and current year claims. The claims liability of \$4,312,384 reported in the Insurance Reserve Fund at June 30, 2021, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the Insurance Reserve Fund's claims liability amounts in the fiscal years 2019, 2020, and 2021, were as follows:

<u>Fiscal Year</u>	<u>Beginning Balance</u>	<u>Changes in Estimates</u>	<u>Claims Payments</u>	<u>Ending Balances</u>
2018-2019	\$ 3,463,756	\$ 2,428,091	\$ (1,854,137)	\$ 4,037,710

	<u>\$ 5,069,642</u>

Litigation

The City of Hawthorne has been named as a defendant in numerous lawsuits and claims arising in the course of operations. In the aggregate, these claims seek monetary damages in significant amounts. To the extent the outcome of such litigation has been determined to result in probable financial loss to the City, such loss has been accrued in the accompanying combined financial statements.

COVID-19 Considerations

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses and shelter in place orders for all but those deemed essential services. While the business disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings and shelter in place orders. As a result, the outbreak has caused uncertainty in the financial markets. Although the City's services are considered essential, the City Hall was temporarily closed to the public, certain other services transitioned to online-only and because the City's major revenue sources, including businesses that collect sales taxes, are directly impacted by these events, it is probable that this matter will negatively impact the future revenue of the City. However, the ultimate financial impact and duration cannot be estimated at this time, and no adjustments have been made to these financial statements as a result of this uncertainty.

15) JOINT VENTURES

South Bay Regional Public Communications Authority (SBRPCA)

The City is a member of the South Bay Regional Public Communications Authority (SBRPCA), a joint powers authority of the Cities of Hawthorne, Gardena, Manhattan Beach and El Segundo. SBRPCA was formed October 14, 1975, for the purpose of financing a public safety communications system for the member cities. The governing board is composed of the mayor of each member city. During fiscal year 2020-21, the City was assessed \$2,002,715, which was paid to SBRPCA for the operations and maintenance of the consolidated regional public safety services communications system that SBRPCA provides to its member cities.

As of and for the year ended June 30, 2021, SBRPCA's preliminary financial information is as follows:

Net Position	
Total assets	\$ 15,100,031
Total deferred outflows of resources	2,403,064
Total liabilities	(11,555,960)
Total deferred inflows of resources	<u>(1,276,748)</u>
Total net position	<u>\$ 4,670,387</u>
Change in Net Position	
Operating revenues	\$ 13,362,094
Operating expenses	<u>(13,697,778)</u>
Operating income	(335,684)
Nonoperating revenues (expenses)	<u>102,604</u>
Change in net position	(233,080)
Beginning net position, as restated	<u>4,903,467</u>
Ending net position	<u>\$ 4,670,387</u>

Complete financial statements for the SBRPCA may be obtained from the City's Finance Department.

Should SBRPCA liquidate, all members would receive their equity in the SBRPCA based upon their cumulative contributions.

16) DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

The City recognizes deferred outflows of resources in the City's financial statements pertaining to the unamortized loss on defeasance of debt and pension contributions made subsequent to the measurement date. The unamortized loss on defeasance of debt is recognized as a component of interest expense in a systematic and rational manner over the remaining life of the old debt or the life of the new debt, whichever is shorter.

The deferred inflows of resources pertains to unavailable revenues which represent receivables that were not received within the availability period and the difference between actual and projected income on pension plan investments.

	Governmental Activities Balance at June 30, 2021
Deferred outflows of resources	
Unamortized loss on defeasance of debt	<u>\$ 360,168</u>
	Governmental Funds at June 30, 2021
Deferred inflows of resources	
Unavailable Revenue - Receivables that were not received within the availability period and were not recognized as revenues	<u>\$ 1,399,813</u>

Refer to Note 11 for deferred outflows and inflows of resources related to pensions and Note 12 for deferred outflows and inflows of resources related to other post-employment benefits.

Note Payable

AutoNation/Costco Note – A first implementation agreement to a Disposition and Development Agreement (DDA) was entered with certain developers in August 2000, paying interest at 9.0%. The developers had advanced to the Agency \$5,500,000 and cancelled a note owed by the Agency (the Costco note) for approximately \$7,000,000. In return, the Agency executed a promissory note to the developers for \$12,500,000. Sources for repayment of this note consist of Mello-Roos tax refunds, sales tax and transient occupancy tax refunds to the extent these taxes are generated within the project site. As of June 30, 2021, the outstanding balance on this note totaled \$32,032,002.

The Agency pledged the Tax Increment to payment of the special taxes on the Refunding Bonds and repayment of the Agency Note pursuant to Health and Safety Code Sections 33641 and 33671.5 and other applicable provisions of law. The Tax Increment shall be subordinate to the Agency's obligations to make debt service payments on any Tax Allocation Bonds.

The Agency shall deposit or cause all Tax Increments to be deposited in a special fund administered by a trustee that shall be the fiscal agent for the Refunding Bonds.

Commitments and Contingencies

The Successor Agency has assumed a commitment of the former Hawthorne Redevelopment Agency, pertaining to the Oceangate Development.

The Developer is reimbursed 25% of the sales tax generated from parcels two to four and 40% from parcels five and six for 15 years; commencing January 1, 1999. All Mello-Roos taxes received in excess of \$506,800 are refunded to the Developer until the 1998 Special Tax Refunding bonds are fully repaid and all tax increments received, except from parcel one, less the low and moderate income housing set-aside amount which is refunded to the Developer for a period of 30 years.

Tax Abatements

The Community Redevelopment Agency of the City of Hawthorne (the City) entered into an agreement with Oceangate Properties, Inc. on July 23, 2001. The Developer leases certain real property located at 13900 Hawthorne Boulevard on which the Developer operates a facility for the retail sale of new and used automobile and light trucks known as "South Bay Ford". At the time of the agreement the Developer will be the owner of certain real property ("Parcel 1") located in the City. Parcel 1 and the Hawthorne Boulevard Property were both located within the Hawthorne Redevelopment Project No. 2 in the City and are subject to the provisions of the Redevelopment Plan for the project adopted by the City Council of the City on November 26, 1984, by Ordinance No. 1330, as amended. In connection with the Owner Participation Agreement, as amended by the fifth implementation agreement dated April 12, 1999, hereinafter collectively referred to as the "OPA". In connection with the OPA, the Agency and the City entered into a cooperation and Loan agreement ("Cooperation Agreement"), pursuant to which the City agreed to make a loan to the Agency to be used by the Agency to make certain payments required by the OPA. Pursuant to the OPA, the site was subdivided into eight (8) parcels: Parcels 1, 2, 3, 4A, 4B, 5, 6A, and 6B. The Developer and the Agency have entered into a "Sixth Implementation Agreement" which amends and restates the provisions of the OPA governing the redevelopment of Parcel 1, and the City and the Agency have entered into a Revised Cooperation and Loan Agreement revising the provisions of the Cooperation Agreement with respect to Parcel 1 only. Pursuant to the Sixth Implementation Agreement, the Developer intends to develop a facility for the retail sale and/or leasing of new automobiles and/or light trucks on Parcel 1 and relocate the Developer's new car sales operations to Parcel 1. The Developer further intends to continue to use the Hawthorne Boulevard Property for the sale of used vehicles and for service, parts and warranty purposes.

In connection with the sale of Parcel 1 to the Developer, the Developer's immediate predecessor in interest, Mission-Oceangate, a California general Partnership ("Mission"), has assigned to the Developer its right to receive periodic payments of "Sales Tax Generation" and "Net Tax Increment" from Parcels 2-6 as defined in the revised method of financing to the first implementation. In addition, Mission has assigned to the Developer its right to receive periodic payments of "Mello-Roos Reimbursement" from Parcel 1. The thirty (30) year term for the Agency's payment of Net Tax Increment to the Developer commenced on July 1, 1992, and will terminate on September 30, 2022. The thirty (30) year term for the payment of Sales Tax Generation to the Developer commenced on July 1, 1992 and will terminate on July 1, 2022.

17) SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY,
(continued)

Tax Abatements, (continued)

Payments of Parcel 1 Net Tax Increment Revenue shall be made annually in arrears on or before September 30 of each fiscal year. Payments of Parcel 1 Apportioned Sales Tax Generation shall be made quarterly in arrears, on October 1 (for the first quarter of the calendar year), January 1 (for the second quarter of the preceding calendar year), April 1 (for the third quarter of the preceding year) and July 1 (for the fourth quarter of the preceding calendar year).

Payments of Parcel 1 Apportioned Sales Tax Generation attributable to leasing activity shall be made annually in arrears on July 1 (for the preceding year), provided, however, that if the Developer is able to document to the Agency's satisfaction on a quarterly basis the amount of Parcel 1 Apportioned Sales Tax Generation attributable to leasing activity, then such payments attributable to leasing activity shall be made at the same time (on a quarterly basis) as other payments of Parcel 1 Apportioned Sales Tax Generation.

Parcel 1 Net Tax Increment Revenue shall be paid to the Agency pursuant to California Health and Safety Code Section 33670(b) that is attributable to assessed value of Parcel 1 in excess of \$8,240,000 less any portion of such Parcel 1 Net Tax Increment Revenues required to be deposited in the Agency's Low and Moderate Income Housing Fund.

Parcel 1 Apportioned Sales Tax Generation shall be defined as an amount equal to the applicable portion of tax revenues actually received by the City from the application of Bradley-Burns Local Sales and Use Tax Law on the privilege of selling and leasing tangible personal property at retail on transactions occurring on Parcel 1 and cannot exceed the sum of the Parcel 1 Apportioned Sales Tax Generation Annual Cap and carry over payment.

¹ During Fiscal Year 2017-18, as a result of Governmental Accounting Standards Board Statement (GASB) No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pensions (GASB 75), CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB 75.

Additionally, CalPERS employees participate in various State of California agent pension plans and during Fiscal Year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68).

² Includes any beginning of year adjustment.

³ Includes one year's payroll growth using 2.75 percent payroll growth assumption for fiscal years ended June 30, 2018-19; 3.00 percent payroll growth assumption for fiscal years ended June 30, 2014-17.

Notes to Schedule:

Changes in Benefit Terms: The figures above include any liability impact that may have resulted from voluntary benefit changes that occurred after the June 30, 2019 valuation. However, offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes) that occurred after the June 30, 2019 valuation date are not included in the figures above, unless the liability impact is deemed to be material by the plan actuary.

Changes in Assumptions: None in 2019 or 2020. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate in 2019. In 2017, the accounting discount rate was reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes in the discount rate. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5 percent discount rate.

Notes to schedule:

The City does not have assets accumulated in a trust that meets the criteria of GASB 75 to pay related benefits.

⁽¹⁾ Covered-employee payroll represented above is based on covered-employee payroll provided by the employer. GASB 75 defines covered-employee payroll as the total payroll of employees that are provided OPEBs through the OPEB plan. Contributions are not based on a measure of pay, therefore, covered-employee payroll is used in this schedule.

Significant changes in assumptions:

In fiscal year ended June 30, 2021 (Measurement date June 30, 2021), the discount rate was updated to 2.21% from prior years' rate of 3.50% based on municipal bond rate as of the measurement date.

*Historical information is required only for measurement periods for which GASB 75 is applicable. Future years' information will be displayed up to 10 years as information becomes available.

General Budget Policies

The City Council approves each year's budget submitted by the City Manager prior to the beginning of the new fiscal year. Public hearings are conducted prior to its adoption by the Council. Supplemental appropriations, where required during the period, are also approved by the Council. Intradepartmental budget changes are approved by the City Manager. Expenditures may not exceed appropriations at the department level, which is the legal level of control. During the year, several supplementary appropriations were necessary. At fiscal year-end, all operating budget appropriations lapse.

Budgets for all governmental type funds are adopted on a basis consistent with generally accepted accounting principles. Annual budgets are adopted for the General, Special Revenue, Capital Project and Debt Service Funds, with the exception of the following Special Revenue Funds: 1) Homeless Prevention and Rapid Re-housing Program (HPRP); 2) Alcoholic Beverage Control Grant Assistance Program; 3) Edward Byrne Memorial Justice Assistance Program; 4) Hawthorne Blvd. Mobility Improvement Program, and 5) American Down Payment Dream Program.

SUPPLEMENTARY INFORMATION

Non-Major Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Street Lighting Fund is used to account for the cost of providing lighting and intersection safety lighting on all City streets. The Engineering Division provides engineering and administration for the street lighting assessment district.

Gas Tax Fund is used to account for the City's share of revenues derived from the State Highway Users Tax Account Sections 2105, 2106, 2107 and 2107.5. Gasoline taxes must be used for maintenance and improvement of City streets, which serve as State and County thoroughfares.

Street Fund is used to account for all related revenues and expenditures, including street repair, reconstruction and maintenance, which are not required to be accounted for in the City's State Gas Tax Fund.

Asset Forfeiture Fund is used to account for all revenues and expenditures related to monies and property seized by the Police Department in drug related incidents. These funds may only be expended on activities used to enhance law enforcement activities.

COPS Fund is used to account for money appropriated statewide and to be used for the supplemental funding of front line law enforcement. These services include personnel, equipment, and programs that meet front line law enforcement objectives.

The California Office of Traffic Safety Fund is used to assist in offsetting the personnel costs for the Sobriety Checkpoint Program and the Seat Belt Compliance Program.

Edward Byrne Memorial Justice Assistance Program Fund is used to account for financial assistance provided to local law enforcement's agencies to expand efforts in addressing alcohol-related problems.

Local Law Enforcement Block Grant Fund is used to account for both Federal (90%) and City (10%) funds. This program allows for local law enforcement to provide equipment, technology and other materials directly related to law enforcement functions.

2009 Street Improvements Fund is used to account for the City's roadway improvement projects from street and intersection widening to pavement rehabilitations/reconstructions, upgrade or replacement of traffic signals, improvement of street grading and drainage and concrete improvement including ADA accessibility as well as sidewalks and curbs/gutters throughout the City. Funding for such projects are varied and usually received through competitive grants based on availability.

MTA Measure R Fund is an ongoing maintenance and Capital Improvement Transportation Fund.

City of Hawthorne

Non-Major Governmental Funds, Continued)

Special Revenue Funds, (continued)

Proposition A Fund is used to account for revenues received by the State; funneled to the City through the Los Angeles County Metropolitan Transit Authority. The City uses these funds for Dial-A-Ride, Recreational Transit and Bus Stop Maintenance. Excess of these funds are traded with other Los Angeles County municipalities for General Funds.

MTA Measure M Fund is used to account for the ongoing maintenance and Capital Improvement Transportation Fund.

American Down Payment Dream Fund is used to eliminate the obstacles to lower income families by providing upfront down payment and closing costs assistance. No budget was legally adopted for the fund.

Proposition C Fund is used to account for a second half-cent sales tax approved by the voters, the proceeds of which are used to improve transit service and operations, reduce traffic congestion, improve air quality and efficiently operate and improve the condition of streets and highways utilized by public transit.

Air Quality Fund is used to support the South Coast Air Quality Management District's (SCAQMD) imposition of an additional vehicle registration fee and to receive fee revenues for implementing programs to reduce air pollution from motor vehicles.

California Used Oil Recycling Fund is used to account for all the revenues and expenditures associated with grant funds received from the State Integrated Waste Management Board to promote the recycling of used motor oil.

California Beverage Container Recycling Fund is used to account for all the revenues and expenditures associated with grant funds received from the Department of Conservation. Program is funded by (CRV) California Redemption Value Funds.

Hawthorne Blvd Mobility Improvement Program Fund is used to account for the project that will improve the storm drain system along Hawthorne Blvd., between El Segundo Blvd. and Rosecrans Ave. to eliminate local flooding and will install large infiltration chambers in three preselected areas under center medians for diverting runoff from Dominguez Channel to underground water supply. All traffic signals will be replaced and upgraded throughout the project limits and a new traffic signal will be constructed at the intersection of Hawthorne Blvd. and 141st Street. All center medians will be completely reconstructed with new designs to accommodate new dedicated left turn pockets and as result, entire landscape areas will be replaced with newly designed landscape and irrigation systems. New trees will be planted. 105,000 square feet of new sidewalks and entire pavement structural system will be replaced throughout the project limits. No budget was legally adopted for the fund.

CATV Peg Fund is used to account for monies received from the City's cable television franchisee.

Housing Asset Fund accounts for assets used for low and moderate income housing activities in accordance with the applicable housing-related regulations

Non-Major Governmental Funds, Continued)

Special Revenue Funds, (continued)

HOME Grant Fund is used to account for HOME Fund grants received from the U.S. Department of Housing & Urban Development. These funds are to be used predominantly to aid low & moderate income residents with their housing needs.

Community Development Block Grant Fund is used to account for Federal grants received from the Department of Housing and Urban Development (HUD). Grant activity is administered by the Community Development Department and is predominantly restricted to activities in 'target areas'.

HPRP Funds is used to account for transactions related to the Homeless Prevention and Rapid Re-housing Program. The aim of the program is to assist homeless households and those at risk of homelessness.

FEMA Grant Fund is used to provide the city with assistance for the management, control and reduction of immediate threats to public health and safety.

CARES Act Fund is used to provide direct economic aid to State and Local governments negatively impact by the COVID-19 pandemic.

MTA Measure W Fund is used to account for the ongoing maintenance and Capital Improvement Transportation Fund.

SB2 Planning Grant Fund is used to implement the Safety and Environmental Justice Elements of the Housing Element to advance policies and strategies that address climate resiliency, sustainability, and equity and fair access to housing, job, healthy groceries, and mobility options.

LEAP Grant Fund is used to implement a development permit tracking system and complete the 6th cycle Housing Element and RHNA allocation.

Capital Projects Funds

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

Development Impact Fund is used to account for both the collection and expenditures of impact fees imposed on all developments within the City boundaries. These fees are used to defray the costs associated with infrastructure improvements due to new developments.

Community Services Center Fund is used to account for cost of upgrading the Community Center, including a new senior center, a multipurpose room and designated bus turnout. The upgrades are to facilitate pedestrian accessibility and to provide local and regional transit services for senior and disabled citizens.

Non-Major Governmental Funds, Continued)

Capital Projects Funds, (continued)

State Park Improvement Grant Fund is to provide a clean, safe, and accessible environment for the community members. The project scope includes removal of deteriorated play equipment and installation of new equipment, reconfiguration of walking paths and fitness zone to increase accessibility.

Debt Service Funds

Debt service funds are used to account for debt service transactions including revenue collection and payments of principal and interest on long-term obligations.

Public Financing Authority Fund is used to account for debt issued for the purpose of financing capital improvements throughout the City. In 1992, the Authority issued \$10 million in Certificates of Participation to provide financing for acquisitions, construction, and improvements within the City. In 1997, these certificates were refunded by the 1997 Certificate of Participation. Funds are transferred from the General Fund to make the debt service payments.

2016 Refunding Bonds is used to account for the debt service on the 2016 Certificate of Participation Series A and Series B bonds.

2016 Direct Placement Lease Financing Fund is used to account for the debt service on the 2016 Direct Placement Lease Financing.

Notes:

- (1) In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only re-assessed at the time that it is sold to a new owner. At that point, the new assessed value is re-assessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.
- (2) Tax Rate Area 13-115.

Notes:

- (1) Tax rates are for Tax Rate Area 13-115.
- (2) In 1978, California voters passed Proposition 13 which sets the property tax rate at a 1% fixed amount. This 1% is shared by all taxing agencies in which the subject property resides. In addition to the 1% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of various voter-approved bonds.

Note:

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the State.
