HAWTHORNE CITY VIEW IS A MONTHLY NEWSLETTER TO KEEP YOU UP TO DATE WITH WHAT'S GOING ON AROUND YOUR COMMUNITY.

Healthcare for All

TeleHealth Ribbon Cutting

TeleHealth Van held their debut on Wednesday, Nov. 17th, 2021 for their partnership with the City of Hawthorne. TeleHealth vans are for mental and other health services for those who may not otherwise have access to health care. The vans will be parked in various locations around the city for people to approach.

Beautification at its Finest

Community Clean-Up Day

Community Clean-Up Day was a huge success! On November 13th, 2021 over 200 people came out to clean up our community! SpaceX, Republic Services, Martinez Landscaping, Leuzinger High student athletes, Girl Scouts are just a few of the groups that gave their time to help pick up trash. Thank you to all who participated in keeping our community clean!

We Could do it Together!

Booster Shots

Booster shots, along with Moderna, Pfizer and J&J shots were provided by Providence at the Hawthorne Senior Center. People who registered came in to get their booster shot, or they got their first dose of either Moderna or Pfizer. A few walk-ins were also available.

Food Waste Recycling

SB 1383: What You Should Know

Senate Bill 1383 requires the City of Hawthorne to adopt a mandatory organics participation ordinance to go into effect by January 1, 2022. For the following two years, outreach and education efforts will be made to ensure everyone is compliant. Beginning January 1, 2022, Hawthorne residents will use the green curbside cart for green waste and other organic waste, including food, food-soiled paper and yard clippings. This new requirement is part of a Mandatory Recycling Ordinance that ensures the recycling of food and green waste materials, which were previously destined for landfill.

For more information on SB 1383, click on the link: <https://www.cityofhawthorne.org/home/showpublisheddocument/364/637527570760870000>

Police

The Hawthorne Police Department will soon have seven new sworn officers! The new officers will graduate the academy on Dec. 16th and start their orientation process the following week! Let's welcome our new police officers with open arms!

Housing

The City of Hawthorne Council has agreed to adopt a resolution becoming Associate Member of CSCDA Community Improvement Authority (CSCDA's Affiliate JPA). In partnership with Standard-Faring Essential Housing, the City of Hawthorne presents Millennium South Bay as a target property to convert from market rate into the Workforce Housing Program. The Millennium property has 230 units, deluxe pool area, resident lounges, fitness center, co-working space and a 3140 sq. ft. restaurant space. Stay tuned for additional details...

- The Housing department is still offering an Emergency Business Assistance Grant program, making \$380,000 available through the CDBG-CV fund. If you need assistance or have questions, please call (310) 349-1610
- The Emergency Rental Assistance Grant program is still accepting applications. If you would like to apply or need more information, please call (310) 349-2906.

Animal Control

The Los Angeles County Veterinary Public Health is investigating a rapidly spreading outbreak of canine influenza H3N2 (CIV H3N2) in local dogs. This is an infectious and vaccine preventable respiratory disease that can spread rapidly in unvaccinated dogs.

Doggy day cares, dog parks and boarding kennels face increased risk of spreading disease due to the close interactions.

It is recommended that dogs be vaccinated for both canine influenza H3N2 and Leptospirosis (another disease spreading in LA County).

What is Canine Influenza & How Can My Dog Get It?
 Canine influenza (also known as dog flu) is a contagious respiratory disease in dogs caused by specific Type A influenza viruses known to infect dogs.
 Signs of Canine Influenza:
 Cough, runny nose, fever, lethargy, eye discharge, and reduced appetite.
 More info on Canine Influenza: <https://www.cdc.gov/flu/other/canine-flu/keyfacts.html>

What is Leptospirosis & How Does My Dog Get It?
 A bacterial infection that spreads through the bloodstream. Dogs can get leptospirosis from puddles or bodies of water that carry urine from infected wildlife. The bacteria infiltrate a dog's body by burrowing into their skin. Canine leptospirosis can be a serious, life-threatening disease.
 Signs of Leptospirosis: Sudden fever and illness, sore muscles; reluctance to move, stiffness in muscles and legs, shivering, weakness, depression and lack of appetite.
 Info on Leptospirosis: <http://www.publichealth.lacounty.gov/vet/Leptospirosis.html>
