

# HAWTHORNE RESIDENTS AND BUSINESSES

## WHAT?

To help the City of Hawthorne stay in compliance with the law (SB 1383), each year, Republic Services will monitor and review customer participation in recycling efforts.

## WHY?

State and local laws, codes and rules require a review of compliance and contamination.

## WHEN?

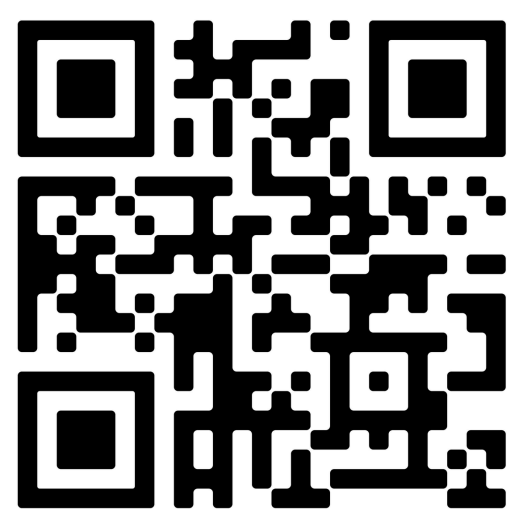

Annual reviews are ramping up now, and you may notice Republic Services' representatives around town wearing yellow safety vests!

## HOW?

A team of Republic Services Sustainability Advisors will spread out across the City, flipping cart lids and inspecting dumpsters looking for participation, correct use of the containers and contamination. Residents and businesses don't need to do anything differently. Place carts out for service as you normally do, and our team will do the rest.

## THANK YOU

Thank you for your attention to this matter and your efforts in zero waste, contamination minimization, and overall SB 1383 compliance within our City.
